- Board Policy; California Ed Code
- Professional Services Contract (PSC)
- MOU (In-Kind; Custom)

Community Schools leverage community partnerships and resources so our campuses become hubs of support and opportunity for students, families and community members. By working with the community in this way, schools become better equipped to tap into the unique talents and gifts of every student, teacher, and staff member in our district, and can better break down barriers to student achievement. OUSD uses the Community Partner Platform to organize and track our partnerships. As a parent, teacher, student or community member you can use this web platform to learn more about the organizations we partner with and the programs they provide.
