**After school programs play an important role in the lives of youth, families and our community. They help strengthen the economy, help students succeed in school, increase learning, and improve safety and health. Help us celebrate after school programs nationwide to raise awareness of the importance of youth having a safe place to learn play and experience enriched activities during after school hours. So Join The TOWN SCHOLARS for a fun evening of games and refreshments as you explore all that your student has in store.**
